## Tips & Shortcuts

**Yarn alternative:** Please be aware that the gauge (tension), yarn quantity and the shape of the work varies if you use another yarn (even in the same yarn group).

**To avoid problems:** Read entirely through the pattern before you begin.

**Gauge (tension):** Always knit/crochet a gauge swatch according to the recommendations. If you get a different gauge, try with a smaller or larger needle size. If the gauge isn't correct the work may be a different shape and size.

**To make it easier to follow the instructions,** use a colored pencil or highlighter to mark your size.

**Chart:** To make it easier to follow the chart, use a ruler under the on-going row.

**Tips för hand dyed yarn:** Make sure you have enough yarn to complete your project. The colors may vary from time to time. To get a smooth color mix, you can alternate between two skeins: knit two rows from one and two rows from another skein.
